

## **GSE WILL BUILD THE NEW INDUSTRIAL SITE LISI AEROSPACE**

The Aerospace is a growing industry. With this growth and a strong will of local authorities to support their businesses, the LISI GROUP decided to launch his project of an optimized manufacturing site, adapted to new technologies, new production needs, as part of an reflected environmental approach.

This new industrial site will be completed in two steps, the first start during February 2015 for delivery scheduled in December 2015. It will consist of a production building of 8,000 m<sup>2</sup>, 2,000 m<sup>2</sup> of social rooms and 1,000 m<sup>2</sup> of technical areas.

**LISI AEROSPACE**, the number 3 of aerospace mounting equipment market (screws, rivets, pins), chose GSE to carry out this ambitious project for several reasons:

- The relevance of its offer in terms of design and architecture
- His expertise on advanced topics like ICPE procedure
- A reliable partnership may enroll in duration to develop this project in the long term 2014/2018.

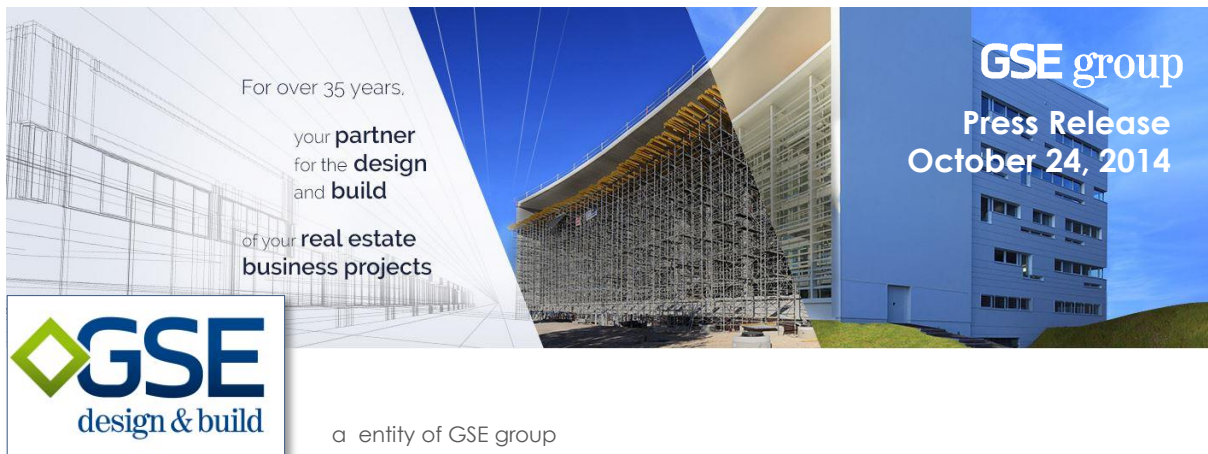

This project located in the municipality of La Rouquette will be the largest current industrial project in the Midi-Pyrénées region.

## **About GSE Group**

The group is the European reference of the Design and Build Turnkey business, based on the comprehensive management of building projects (financial arrangements, site selection, technical studies, design / construction and after-sales service) and is committed contractually on price, time and quality of the project.
